

MONO GEAR OIL

APPLICATION:

SAE 90 & 140 (GL-1) grade is formulated from high quality base oil. Good performance gear lubricant, designed to provide effective lubrication in a wide range of gears in highway, Light, heavy-duty equipment in construction, mining and agriculture, under moderate conditions.

KEY FEATURES :

- . High-performance Mono-grade Gear oil.*
- . Reliable lubrication of components.*
- . Suitable anti-foam property.*
- . Outstanding lubrication powers in all seasons*
- . Effective high-load carrying capacity.*
- . Stable lubricant film.*
- . Excellent cleaning capacity.*
- . High thermal stability.*
- . Excellent wear and corrosion protection.*

TECHINICAL DATA :

SAE Grade	SAE-90	SAE-140
API	GL-1	GL-1
Viscosity @ 100°C (cSt)	18.7	28.5
Viscosity Index	95	95
Flash Point °C	215	225
Pour Point °C	-6	-6
Total Base Number (mgKOH/g)	240	260
